Apologies

Roy Storie – Treasurer
Steve Izatt – Member

1. Adoption of previous minutes - We seemed to skip this bit
2. Police report
The Police introduced themselves as our local Bobbies who were going to be working the streets of Dunure under the new initiative. They will be based in Maybole Police Station. The Incidents and Crime report consisted of the following. 5 x reported incidents, 3 x assist member of the public calls, 1 pest control notification, and 0 crime reported.
3. Link Officer's report
Collete was going to check the date of the Community Councils Group meeting and circulate.
4. Councillor's report
The new Brown sign will be relocated to the correct position. Bushes are being cut back on the road verges to increase visibility and safe passage. Kevin Braidwood would like to attend a meeting to present proposal for 20 mph speed limit through the villages as part of a wider initiative. IC would like him to address the issue of the deteriorating and very narrow pavement towards the top of Fisherton. The planning application for the store has been delayed by SAC. in the pursuit of legitimising the delay they have asked a series of previously established detail regarding the store.
5. AOCB
The defibrillator is at the church. AG will confer with SI to establish where we are with cabinets/ Marks unit and installations.
JM was keen that the "store" should be formally referred to as the store and not the "boat-shed" for ease of clarity in defining its future use.
JM after discussions with colleagues on the Parks and Hall Committee are of the opinion that the previously discussed Asset Transfer" mechanism is not fit for purpose in this case. Furthermore, any discussion regarding the Hall and Park and its future should be led by that committee.
JM was keen to fact check the proposed story boards that Abigail Coia and colleague were proposing: acknowledging the great wealth of knowledge and heritage presently in the room.
